Active Service Pay	Rule	The Department of Veterans Affairs (VA) amends its adjudication regulations to permit VA to adjust disability compensation payments under certain circumstances upon receipt of notice from the Department of Defense (DoD) that the veteran has received or is receiving active service pay. The effect of this action is to reduce overpayments and erroneous payments associated with receipt of VA disability compensation and DoD active service pay by allowing VA to make necessary adjustments as close in time to the receipt of active service pay as possible. Additionally, the amendments will allow VA to resume payments discontinued due to receipt of active service pay based on information received from DoD. The amendments will also clarify how VA adjudicates benefit adjustments based on a veteran's receipt of active service pay for certain types of service.	88 FR 86058	2023-27176	https://www.federalregister.gov/documents/2023/12/12/2023-27176/active-service-pay	https://www.govinfo.gov/content/pkg/FR-2023-12-12/pdf/2023-27176.pdf	12/12/23

VA Veteran Readiness and Employment Program: Removal of Regulation Regarding Repayment of Training and Rehabilitation Supplies	Rule	The Department of Veterans Affairs (VA) is removing a regulation that addresses the circumstances under which a Veteran is to repay the value of training and rehabilitation supplies and the exceptions where repayment is not required. A prior version of the regulation's authorizing statute contained a provision that permitted VA to require the return or repayment of books, supplies, or equipment if a Veteran failed to complete a course of vocational rehabilitation due to fault on their part. However, because the authorizing statute no longer contains that provision, and because there is no statutory authority allowing VA to require reimbursement of books, supplies, or equipment under any circumstance where a Veteran fails to complete a course of vocational rehabilitation, VA is removing the governing regulation.	88 FR 84239	2023-26625	https://www.federalregister.gov/documents/2023/12/05/2023-26625/va-veteran-readiness-and-employment-program-removal-of-regulation-regarding-repayment-of-training	https://www.govinfo.gov/content/pkg/FR-2023-12-05/pdf/2023-26625.pdf	12/5/23

Presumptive Service Connection for Rare Respiratory Cancers Due to Exposure to Fine Particulate Matter	Rule	This rulemaking adopts as final, without changes, an interim final rule amending the Department of Veterans Affairs (VA) adjudication regulations to establish presumptive service connection for nine rare respiratory cancers in association with presumed exposure to fine particulate matter. Names for National Cemeteries and Features	Proposed Rule	The Department of Veterans Affairs (VA) proposes to remove its regulation concerning the naming of cemeteries and features. VA is proposing this action because, after reviewing internal policy and processes, VA determined this regulation is obsolete and unnecessary. When VA promulgated this regulation, VA's cemetery naming activities were supported by statute and served a purely administrative function that did not change existing law or policy and did not affect individual rights or obligations. The activities therefore did not require a regulation to effectuate. However, now that the regulation is in effect, removing it would change existing policy, which requires a rulemaking. The Secretary of Veterans Affairs (the Secretary) has authority for naming Department property and has delegated in regulation the authority for naming features within national cemeteries to the Under Secretary for Memorial Affairs, who is the head of VA's National Cemetery Administration. Therefore, this action is under the authority of the National Cemetery Administration.	88 FR 17169	2023-05852	https://www.federalregister.gov/documents/2023/03/22/2023-05852/names-for-national-cemeteries-and-features	https://www.govinfo.gov/content/pkg/FR-2023-03-22/pdf/2023-05852.pdf	3/22/23

Bar to Approval	Proposed Rule	The Department of Veterans Affairs (VA) is proposing to amend its regulations that govern VA's administration of educational assistance programs to implement a provision of the Veterans Benefits and Transition Act of 2018, which requires a State Approving Agency (SAA), or the Secretary of VA (when acting as the SAA), to disapprove programs of education provided by educational institutions that do not permit individuals using benefits under certain VA educational assistance programs to attend or participate in courses while awaiting payment from VA and that impose a penalty on an individual for failure to meet financial obligations due to a delayed VA payment. We would also implement a provision that would allow educational institutions to require a claimant using education benefits to submit certain documents. Reimbursement for Emergency Treatment	Rule	The Department of Veterans Affairs (VA) is finalizing, with some changes, an interim final rule that amended its medical regulations concerning payment or reimbursement for emergency treatment for non-service-connected conditions at non-VA (community) facilities. This final rule responds to public comments received on the interim final rule and amends VA's emergency treatment regulations to authorize payment or reimbursement for coinsurance, temporarily waive the timely filing requirements for veterans affected by the interim final rule, and authorize payment or reimbursement for emergency transportation associated with emergency treatment when VA has paid for the emergency treatment using a separate authority. Because the change to Sec. 17.1004 was not addressed in the Supplementary Information section of the interim final rule, VA believes the public should have an opportunity to comment on the change.
